# HATHWAY DIGITAL PRIVATE LIMITED

(Formerly Known as Hathway Datacom Central Private Limited)
FINANCIAL STATEMENTS
2018-19

## **Independent Auditor's Report**

#### To the Members of Hathway Digital Private Limited

#### Report on the Audit of the Standalone Financial Statements

#### **Opinion**

We have audited the accompanying standalone financial statements of **Hathway Digital Private Limited** (the Company), which comprise the Balance Sheet as at March 31, 2019, the Statement of Profit and Loss (including Other Comprehensive Income), the Statement of Changes in Equity and the Cash Flows statement for the year then ended, and a summary of significant accounting policies and other explanatory information (hereinafter referred to as "the standalone financial statements").

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid standalone financial statements give the information required by the Companies Act, 2013 ("the Act") in the manner so required and give a true and fair view in conformity with the Indian Accounting Standards prescribed under section 133 of the Act read with the Companies (Indian Accounting Standards) Rules, 2015 as amended, ("Ind AS") and other accounting principles generally accepted in India, of the state of affairs of the Company as at March 31, 2019 and its loss (including other comprehensive income), changes in equity and its cash flows for the year ended on that date.

#### **Basis for Opinion**

We conducted our audit of standalone financial statements in accordance with the Standards on Auditing (SAs) specified under section 143(10) of the Act. Our responsibilities under those Standards are further described in the Auditor's Responsibilities for the Audit of the Standalone Financial Statements section of our report. We are independent of the Company in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India (ICAI) together with the ethical requirements that are relevant to our audit of the standalone financial statements under the provisions of the Act and the Rules thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the Code of Ethics issued by ICAI. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion in the standalone financial statements.

#### **Emphasis of Matter**

We draw your attention to Note 2.06 and 3.08 in respect of recognition of deferred tax assets and exceptional items comprising of impairment of trade receivables and exposure to certain entities including joint ventures and write down of property, plant & equipments respectively.

Our opinion is not modified in respect of these matters.

#### **Key Audit Matters**

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the standalone financial statements of the current period. These matters were addressed in the context of our audit of the standalone financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters. We have determined the matters described below to be the key audit matters to be communicated in our report.

#### 1. Valuation and Disclosure of Deferred Tax Assets

#### **Description of Key Audit Matter**

The Company has a significant amount of deferred tax assets, mainly resulting from unused tax losses and unabsorbed depreciation allowance. The accounting for deferred tax assets is significant to our audit since the Company makes judgments and estimates of forecasted taxable income in relation to the realization of deferred tax assets.

As at March 31, 2019, the deferred tax assets are valued at ₹ 170.57 crores. Further reference is made to Note 2.06.

#### Our response

We tested management's assumptions used to determine that there is reasonable certainty that deferred tax assets recognized in the balance sheet will be realized. This is based upon forecasted taxable income and the periods when the deferred tax assets can be utilized. The forecasts were evaluated by us considering the recent capital infusion and related business plans approved by the

Management. Such evaluation included obtaining an understanding of management's planned strategies around business expansion, revenue stream growth strategies. Furthermore, considering the conditions specified in the Tax laws, on conservative basis, no deferred tax assets has been recognised on impairment of receivables and carried forward business losses.

We have also tested the effectiveness of the Company's internal controls around the valuation of deferred tax assets. We also assessed the adequacy of the Company's disclosures included in Note 2.06.

#### 2. Impairment of Trade Receivables

#### **Description of Key Audit Matter**

Refer to Note 2.10 on Trade receivables and Note 4.10 for disclosures on the trade receivables and the related risks such as credit risk.

The Company's major revenue streams arises from services provided to end use customers in the form of monthly subscription income and receivables from broadcasters for carriage / placement income. The trade receivables on account of subscription income are typically un-secured and derived from sales made to large number of independent customers. In case of receivables from the carriage / placement income, the management reviews the credit-worthiness of the broadcasters based on their financial position, past experience and other factors. Trade receivables amounted to ₹ 160.18 crores as at March 31, 2019.

The collectability of trade receivables from subscribers and broadcasters is a key element of the Company's working capital management. The Company follows a simplified approach (i.e based on lifetime Expected Credit Loss model (ECL)) for recognition of impairment loss allowance on Trade receivables. For the purpose of measuring the lifetime ECL allowance for trade receivables, the Company uses a provision matrix which comprise a very large number of small balances grouped into homogenous groups and assessed for impairment collectively. In addition, in case there are events or changes in circumstances indicating individual or class of trade receivables is required to be reviewed on qualitative aspects, necessary provisions are made.

#### Our response

We assessed the Company's processes and controls relating to the monitoring of trade receivables and considered ageing to identify collection risks. We obtained evidence of receipts subsequent to the year end from the customers. We assessed management's assumptions used to calculate the impairment loss on trade receivables, through analyses of ageing of receivables, assessment of significant overdue trade receivables. We assessed the overall reasonableness of the allowance for doubtful debts by comparing the actual loss trends across periods against the allowance rate applied.

We assessed the adequacy of the disclosures on the trade receivables and the related risks such as credit risk in Note 4.10.

#### 3. Impairment of Property, Plant and Equipment

#### **Description of Key Audit Matter**

There is a risk of impairment on the Company's property, plant and equipment ("PPE") due to the nature of its PPE and the business environment surrounding the PPE. As on March 31, 2019 the carrying amount of PPE was ₹ 682.39 crores which represent 50.06% of total assets. The management determines at the end of each reporting period the existence of any objective evidence that the Company's PPE may be impaired. If there are indicators of impairment, the deficit between the recoverable amount of the PPE and its carrying amount would be recognised as impairment loss in Statement of Profit and Loss.

The process of identifying indicators of impairment and determining the recoverable amount of the PPE by management requires significant judgement and estimation. The determination of the recoverable amounts requires estimates of forecasted revenues, growth rates, profit margins, tax rates and discount rates.

#### Our response

We assessed the determination of the recoverable amount of the PPE based on our understanding of the nature of the Company's business and the economic environment in which its PPE operate.

We reviewed the Company's historical performances and held discussions with management to understand their assessment of the Company's future performance. This included obtaining an understanding of management's planned strategies around business expansion, revenue stream growth strategies and cost initiatives. We assessed management's estimates applied in the value-in-use model based on our knowledge of the Company's operations and compared them against historical forecasts and performance and tested the mathematical accuracy of the value-in-use model. We evaluated the sensitivity of the outcomes by considering the downside scenarios against changes to the key assumptions. We also assessed the adequacy of the related disclosures in the notes to the standalone financial statements.

#### Information Other than the Standalone Financial Statements and Auditor's Report Thereon

The Company's Board of Directors is responsible for the preparation of the other information. The other information comprises the information included in Annual report but does not include the standalone financial statements and our auditor's report thereon. The other information is expected to be made available to us after the date of this auditor's report.

Our opinion on the standalone financial statements does not cover the Other Information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the standalone financial statements, our responsibility is to read the other information when it becomes available and, in doing so, consider whether the other information is materially inconsistent with the standalone financial statements or our knowledge obtained in the audit or otherwise appears to be materially misstated.

When we read the other information included in the Company's annual report, if we conclude that there is a material misstatement therein, we are required to communicate the matter to those charged with governance.

#### Responsibilities of Management and Those Charged with Governance for the Standalone Financial Statements

The Company's Board of Directors is responsible for the matters stated in section 134(5) of the Act, with respect to the preparation of these standalone financial statements that give a true and fair view of the financial position, financial performance, (including other comprehensive income), changes in equity and cash flows of the Company in accordance with the Ind AS and other accounting principles generally accepted in India. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the standalone financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the standalone financial statements, management is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

The Board of Directors are also responsible for overseeing the Company's financial reporting process.

#### Auditor's Responsibilities for the Audit of the Standalone Financial Statements

Our objectives are to obtain reasonable assurance about whether the standalone financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these standalone financial statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

• Identify and assess the risks of material misstatement of the standalone financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3)(i) of the Act, we are also responsible for expressing our opinion on whether the company has adequate internal financial controls system in place and the operating effectiveness of such controls.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the standalone financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the standalone financial statements, including the disclosures, and whether the standalone financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

Materiality is the magnitude of the misstatement in the standalone financial statements that, individually or in aggregate, makes it probable in the standalone financial statement that, individually or in aggregate, makes it probable that the economic decisions of a reasonably knowledgeable user of the financial statements may be influenced. We consider quantitative materiality and qualitative factors in; (i) planning the scope of our audit work and evaluating the results of our work; and (ii) to evaluate the effects of any identified misstatements in the standalone financial statements.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the standalone financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

#### Report on Other Legal and Regulatory Requirements

- 1. As required by the Companies (Auditor's Report) Order, 2016 ("the Order"), , issued by the Central Government of India in terms of Section 143(11) of the Act, we give in the "Annexure A", a statement on the matters specified in the paragraph 3 and 4 of the Order.
- 2. As required by Section 143 (3) of the Act, we report that:
- a) We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit;
- b) In our opinion proper books of account as required by law have been kept by the Company so far as it appears from our examination of those books;
- c) The Balance Sheet, the Statement of Profit and Loss (including Other Comprehensive Income), the Statement of Changes in Equity and the Cash Flow Statement dealt with by this Report are in agreement with the relevant books of account;
- d) In our opinion, the aforesaid standalone financial statements comply with the Ind AS specified under Section 133 of the Act, read with relevant rules issued thereunder and relevant provisions of the Act;

HATHWAY DIGITAL PRIVATE LIMITED (Formerly Known as Hathway Datacom Central Private Limited)

6

- e) On the basis of the written representations received from the directors as on March 31, 2019 taken on record by the Board of Directors, none of the directors is disqualified as on March 31, 2019 from being appointed as a director in terms of Section 164(2) of the Act;
- f) With respect to the adequacy of the internal financial controls over financial reporting of the Company and the operating effectiveness of such controls, refer to our separate Report in "Annexure B";
- g) Since the Company is a private limited company, the provisions of section 197 of the Act are not applicable. Accordingly, no reporting is required with respect to the other matters to be included in the Auditor's Report in accordance with the requirements of section 197(16) of the Act; and
- h) With respect to the other matters to be included in the Auditor's Report in accordance with Rule 11 of the Companies (Audit and Auditors) Rules, 2014, as amended, in our opinion and to the best of our information and according to the explanations given to us:
  - The Company has disclosed the impact of pending litigations as at March 31, 2019 on its financial position in its standalone financial statements Refer Note 4.02(h) to the standalone financial statements;
  - ii. The Company has made provision, as required under the applicable law or accounting standards, for material foreseeable losses, if any, on long-term contracts including derivative contracts Refer Note 4.02(g) to the standalone financial statements; and
  - iii. There were no amounts which were required to be transferred to the Investor Education and Protection Fund by the Company.

#### Annexure A to the Independent Auditor's Report

Referred to in paragraph 1 under "Report on Other Legal & Regulatory Requirements" of our report on even date to the members of the Company on standalone financial statements for the year ended March 31, 2019:

- (i) (a) The Company has maintained records of Property, Plant and Equipment showing particulars of assets including quantitative details and location except in case of certain types of distribution equipments like cabling, line equipments, access devices with end users. In view of the management, nature of such assets and business is such that maintaining location-wise particulars is impractical;
  - (b) Distribution equipments like cabling and other line equipments of selected networks were verified. The management plans to verify balance networks in a phased manner. Property, Plant and Equipment, other than distribution equipments and access devices with the end users were physically verified during the year based on verification programme adopted by the management. As per this programme, all assets will be verified at least once in a period of three years. The management has represented that physical verification of access devices with the end users is impractical; however, the same can be tracked, in case of most of the networks, through subscribers management system;
    - The Company is in the process of reconciling book records with outcome of physical verification, wherever physical verification was carried out and have accounted for the discrepancies observed on such verification;
    - In our opinion, frequency and procedure for verification of distribution equipments and subsequent reconciliation with book records need to be strengthened;
  - (c) The Company does not hold any immovable properties. Accordingly, the paragraph 3(i)(c) of the Order regarding title deeds of immovable properties is not applicable;
- (ii) (a) Inventories have been physically verified during the year by the management. In our opinion, the frequency of verification is reasonable;
  - (b) The discrepancies noticed on physical verification as compared to the book records were not material having regards to size and nature of operations and have been properly dealt with in the books of account;
- (iii) The Company has not granted any loans, secured or unsecured to companies, firms, Limited Liability Partnerships or other parties covered in the register maintained under section 189 of the Act. Accordingly, paragraph 3(iii)(a), (b) and (c) of the Order are not applicable;
- (iv) Based on the audit procedures applied by us, during the year under audit, the Company has not granted loans, guarantee and security or made investments which require compliance in terms of the provisions contained in the section 185 or section 186 of the Act. The Management has, based on legal opinion, represented that overdue book debts are not in the nature of loan and hence do not fall within the scope of section 185 of the Act. In such circumstances, para 3(iv) of the Order is not applicable;
- (v) In our opinion and according to the information and explanation given to us, the Company has not accepted deposits from the public and therefore, the provisions sections 73 to 76 or any other relevant provisions of the Act and the rules framed there under are not applicable to the Company. We have been informed by the management that no order has been passed by the Company Law Board or National Company Law Tribunal or Reserve Bank of India or any Court or any other Tribunal in this regard;
- (vi) The Central Government has prescribed maintenance of cost records under section 148(1) of the Act, for the services rendered by the Company. We have broadly reviewed the books of account maintained and in our opinion; prima facie, the prescribed accounts and records have been made and maintained by the Company. We have not, however, made a detailed examination of the records with a view to determine whether they are accurate or complete;
- (vii) (a) The Company has generally been regular in depositing with appropriate authorities undisputed statutory dues such as provident fund, employees' state insurance, income tax, goods and service tax, duty of customs, cess and other applicable statutory dues. According to information and explanations given to us, no undisputed statutory dues payable were in arrears as at March 31, 2019, for a period of more than six months from the date they became payable;
  - (b) The details of dues of income tax, sales tax, service tax, duty of customs, duty of excise or value added tax or cess which have not been deposited with the concerned authorities on account of dispute are given below:

#### Annexure B to the Independent Auditor's Report

Referred to in paragraph 2(f) under "Report on Other Legal and Regulatory Requirements" of our report on even date to the members of the Company on standalone financial statements for the year ended March 31, 2019

#### **Opinion**

We have audited the internal financial controls with reference to financial statements of the Company as of March 31, 2019 in conjunction with our audit of the standalone financial statements of the Company for the year ended on that date.

In our opinion, the Company has, in all material respects, an adequate internal financial controls system with reference to financial statements and such internal financial controls with reference to financial statements were operating effectively as at March 31, 2019 based on the internal control with reference to financial statements criteria established by the Company considering the essential components of internal control stated in the Guidance Note.

#### Management's Responsibility for Internal Financial Controls

The Company's management is responsible for establishing and maintaining internal financial controls based on the internal control with reference to financial statements criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls over Financial Reporting ('Guidance Note') issued by the ICAI. These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to Company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Act.

#### Auditor's Responsibility

Our responsibility is to express an opinion on the Company's internal financial controls with reference to financial statements based on our audit. We conducted our audit in accordance with the Guidance Note and the Standards on Auditing specified under section 143(10) of the act, to the extent applicable to an audit of internal financial controls, both issued by ICAI. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls with reference to financial statements was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system with reference to financial statements and their operating effectiveness. Our audit of internal financial controls with reference to financial statements included obtaining an understanding of internal financial controls with reference to financial statements, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the standalone financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls system with reference to financial statements.

#### Meaning of Internal Financial Controls with reference to Financial Statements

A company's internal financial controls with reference to financial statements is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of standalone financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial controls with reference to financial statements includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the Company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of standalone financial statements in accordance with generally accepted accounting principles and that receipts and expenditures of the Company are being made only in accordance with authorizations of management

and directors of the Company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorized acquisition, use, or disposition of the Company's assets that could have a material effect on the standalone financial statements.

#### Inherent Limitations of Internal Financial Controls with reference to Financial Statements

Because of the inherent limitations of internal financial controls with reference to financial statements, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls with reference to financial statements to future periods are subject to the risk that the internal financial controls with reference to financial statements may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

#### **BACKGROUND**

Hathway Digital Private Limited (formerly known as Hathway Datacom Central Private Limited) ("the Company") is a Private Limited Company domiciled in India and incorporated under the provisions of the Companies Act, 1956. The Company is a wholly owned subsidiary of Hathway Cable and Datacom Limited (HCDL). The Company is a Multi System Operator (MSO) and is engaged in distribution of television channels through analog and digital cable distribution network.

#### Authorization of standalone financial statements

The standalone financial statements were authorised for issue in accordance with a resolution of the directors on April 15, 2019.

#### 1.00 SIGNIFICANT ACCOUNTING POLICIES

This note provides a list of the significant accounting policies adopted in the presentation of these standalone financial statements.

#### 1.01 BASIS OF PREPARATION

#### (i) Compliance with Ind AS

The standalone financial statements comply in all material aspects with Indian Accounting Standards ("Ind AS") notified under Section 133 of the Companies Act, 2013 ("the Act"), and relevant rules issued thereunder and relevant provisions of the Act. In accordance with proviso to the Rule 4A of the Companies (Accounts) Rules, 2014, the terms used in these financial statements are in accordance with the definitions and other requirements specified in the applicable Accounting standards.

#### (ii) Historical cost convention

The standalone financial statements have been prepared on a historical cost basis, except for the following:• certain financial assets and liabilities (including derivative instruments) is measured at fair value; and• defined benefit plans – plan assets measured at fair value

#### 1.02 ROUNDING OF AMOUNTS

All amounts disclosed in the standalone financial statements and notes have been rounded off to the nearest crores, except where otherwise indicated.

#### 1.03 CURRENT VERSUS NON-CURRENT CLASSIFICATION

The Company presents its assets and liabilities in the balance sheet based on current / non-current classification. An asset is classified as current if:

- (i) it is expected to be realised or intended to be sold or consumed in normal operating cycle;
- (ii) it is held primarily for the purpose of trading;
- (iii) it is expected to be realised within twelve months after the reporting period; or
- (iv) cash or cash equivalent unless restricted from being exchanged or used to settle a liability for at least twelve months after the reporting period.

All other assets are classified as non-current.

A liability is classified as current if:

- (i) it is expected to be settled in normal operating cycle;
- (ii) it is held primarily for the purpose of trading;
- (iii) it is due to be settled within twelve months after the reporting period; or
- (iv) there is no unconditional right to defer the settlement of the liability for at least twelve months after the reporting period.

All other liabilities are classified as non-current.

Deferred tax assets and liabilities are classified as non-current assets and liabilities on net basis.

All assets and liabilities have been classified as current or non-current as per Company's normal operating cycle. Based on the nature of operations, the Company has ascertained its operating cycle as twelve months for the purpose of current and non-current classification of assets and liabilities.

#### 1.04 USE OF JUDGEMENTS, ESTIMATES & ASSUMPTIONS

While preparing standalone financial statements in conformity with Ind AS, the management makes certain estimates and assumptions that require subjective and complex judgments. These judgments affect the application of accounting policies and the reported amount of assets, liabilities, income and expenses, disclosure of contingent liabilities at the statement of financial position date and the reported amount of income and expenses for the reporting period. Financial reporting results rely on our estimate of the effect of certain matters that are inherently uncertain. Future events rarely develop exactly as forecast and the best estimates require adjustments, as actual results may differ from these estimates under different assumptions or conditions. The management continually evaluate these estimates and assumptions based on the most recently available information.

Revisions to accounting estimates are recognised in the period in which the estimates are revised and in any future periods affected. In particular, information about significant areas of estimation uncertainty and critical judgments in applying accounting policies that have the most significant effect on the amounts recognized in the standalone financial statements are as below:

#### **Key assumptions**

- (i) Financial instruments; (Refer note 4.09)
- (ii) Useful lives of Property, Plant and Equipment and intangible assets; (Refer note 1.05 and 1.06)
- (iii) Assets and obligations relating to employee benefits; (Refer note 4.05)
- (iv) Evaluation of recoverability of deferred tax assets; (Refer note 2.06 and 4.12) and
- (v) Contingencies (Refer note 4.02)

#### 1.05 PROPERTY, PLANT AND EQUIPMENT

#### Property, Plant and Equipment acquired separately

- (i) Property, Plant and Equipment is stated at cost, less accumulated depreciation and accumulated impairment losses. The initial cost of an asset comprises its purchase price, non-refundable taxes, any costs directly attributable to bringing the asset into the location and condition necessary for it to be capable of operating in the manner intended by management, the initial estimate of any decommissioning obligation, if any, finance cost. The purchase price is the aggregate amount paid and the fair value of any other consideration given to acquire the asset.
- (ii) Subsequent costs are included in the asset's carrying amount or recognised as a separate asset, as appropriate, only when it is probable that future economic benefits associated with the item will flow to the Company and the cost of the item can be measured reliably. The carrying amount of any component accounted for as a separate asset is derecognised when replaced.

  All other repairs and maintenance are charged to statement of profit and loss during the reporting period in which they are incurred.
- (iii) Set Top Boxes (STBs) on hand at the year-end are included in Capital Work in Progress. On installation, such devices are capitalized or treated as sale, as the case may be.
- (iv) The residual values and useful lives of Property, Plant and Equipment are reviewed at each financial year end, and changes, if any, are accounted prospectively.
- (v) Stores and Spares which meet the definition of Property Plant and Equipment and satisfy the recognition criteria of Ind AS 16 are capitalized as Property, Plant and Equipment.

#### **Derecognition of Property, Plant & Equipment**

(vi) An item of Property, Plant and Equipment is derecognised upon disposal or when no future economic benefits are expected

to arise from the continued use of the asset. Any gain or loss arising on derecognition of an item of Property, Plant and Equipment is determined as the difference between the sales proceeds and the carrying amount of the asset and is recognised in statement of Profit and Loss.

#### Depreciation on Property, Plant & Equipment

- (vii) Depreciation on Property, Plant & Equipment is provided on straight line method. In accordance with requirements prescribed under Schedule II of Companies Act, 2013, the Company has assessed the estimated useful lives of its Property, Plant and Equipment and has adopted the useful lives and residual value as prescribed in Schedule II except for the cost of STBs at the customer location which are depreciated on straight-line method over a period of eight years based on internal technical assessment.
- (viii) In case of additions or deletions during the year, depreciation is computed from the month in which such assets are put to use and up to previous month of sale, disposal or held for sale as the case may be. In case of impairment, depreciation is provided on the revised carrying amount over its remaining useful life.
- (ix) All assets costing up to Rs. 5,000/- are fully depreciated in the year of capitalisation.
- (x) Assets held under finance leases are depreciated over their expected useful lives on the same basis as owned assets. However, when there is no reasonable certainty that ownership will be obtained by the end of the lease term, assets are depreciated over the shorter of the lease term and their useful lives.

#### Deemed cost for Property, Plant and Equipment

The Company had elected to continue with the carrying value of all of its Property, Plant and Equipment recognised as of the date of transition to Ind AS measured as per the previous GAAP and use that carrying value as it's deemed cost as of the transition date.

#### 1.06 INTANGIBLE ASSETS

Intangible assets acquired separately are measured on initial recognition at cost. Following initial recognition, intangible assets are carried at cost less any accumulated amortisation and accumulated impairment losses. Internally generated intangibles are not capitalised and the related expenditure is reflected in profit or loss in the period in which the expenditure is incurred.

#### Intangible Assets acquired separately

Intangible assets comprises of Cable Television Franchise, Movie & Serial Rights, Bandwidth Rights, Channel Design, Goodwill and Softwares. Cable Television Franchise represents purchase consideration of a network that is mainly attributable to acquisition of subscribers and other rights, permission etc. attached to a network.

Intangible assets with finite useful lives that are acquired are recognised only if they are separately identifiable and the Company expects to receive future economic benefits arising out of them. Such assets are stated at cost less accumulated amortization and impairment losses. Intangible Assets with indefinite useful lives that are acquired separately are carried at cost less accumulated amortisation and impairment losses.

#### Intangible Assets acquired in business combination

Intangible Assets acquired in business combination and recognised separately from goodwill are initially recognised at their fair value at the acquisition date (which is regarded as their cost).

#### Derecognition of intangible assets

An intangible asset is derecognised on disposal, or when no future economic benefits are expected from use or disposal. Gains or losses arising from derecognition of an intangible asset, measured as the difference between the net disposal proceeds and the carrying amount of the asset, are recognised in statement of profit and loss when the asset is derecognised.

#### Amortisation of intangible assets

Intangible assets with finite useful lives are amortised on a straight line basis over their useful economic lives and assessed

for impairment whenever there is indication that the intangible asset may be impaired. The amortisation period and the amortisation method for an intangible asset with a finite useful life are reviewed at each year end. The amortisation expense on Intangible assets with finite lives and impairment loss is recognised in the Statement of Profit and Loss.

Estimated lives for current and comparative periods in relation to application of straight line method of amortisation of intangible assets (acquired) are as follows:

- Softwares are amortised over the license period and in absence of such tenor, over five years.
- Movie & Serial Rights are amortised on exploitation over the balance license period in equal installments.
- Bandwidth Rights are amortised over the period of the underlying agreements.
- Channel Design are amortised over the period of five years.
- Cable Television Franchises are amortised over period of five to twenty years.

The estimated useful lives, residual values, amortisation method are reviewed at the end of each reporting period, with the effect of any changes in estimate accounted for on a prospective basis.

#### **Deemed cost for Intangible assets**

The Company had elected to continue with the carrying value of all of its Intangible assets recognised as of the date of transition to Ind AS measured as per the previous GAAP and use that carrying value as it's deemed cost as of the transition date.

#### 1.07 IMPAIRMENT OF ASSETS

Carrying amount of Tangible assets, Intangible assets, Investments in Joint Ventures (which are carried at cost) are tested for impairment whenever events or changes in circumstances indicate that the carrying amount may not be recoverable. An impairment loss is recognised for the amount by which the asset's carrying amount exceeds its recoverable amount. The recoverable amount is the higher of an asset's fair value less costs of disposal and value in use.

In assessing value in use, the estimated future cash flows are discounted to their present value using a pre-tax discount rate that reflects current market assessments of the time value of money and the risks specific to the asset. In determining fair value less costs of disposal, recent market transactions are taken into account. If no such transactions can be identified, an appropriate valuation model is used.

For the purposes of assessing impairment, assets are grouped at the lowest levels for which there are separately identifiable cash inflows which are largely independent of the cash inflows from other assets or Company's assets (cash-generating units). Non- financial assets other than goodwill that suffered an impairment are reviewed for possible reversal of the impairment at the end of each reporting period.

#### 1.08 NON-CURRENT ASSETS HELD FOR SALE AND DISCONTINUED OPERATIONS

Non-current assets are classified as held for sale if their carrying amount will be recovered principally through a sale transaction rather than through continuing use and a sale is considered highly probable. They are measured at the lower of their carrying amount and fair value less costs to sell.

An impairment loss is recognised for any initial or subsequent write-down of the asset to fair value less costs to sell. A gain is recognised for any subsequent increases in fair value less costs to sell of an asset, but not in excess of any cumulative impairment loss previously recognised. A gain or loss not previously recognised by the date of the sale of the non-current asset is recognised at the date of de-recognition.

Non-current assets are not depreciated or amortised while they are classified as held for sale. Non-current assets classified as held for sale are presented separately from the other assets in the balance sheet. A discontinued operation is a component of the entity that has been disposed off or is classified as held for sale and that represents a separate major line of business or geographical area of operations, is part of a single co-ordinated plan to dispose of such a line of business or area of operations, or is a subsidiary acquired exclusively with a view to resale. The results of discontinued operations are presented separately in the statement of Profit and Loss.

#### 1.09 INVENTORIES

Inventories are valued as follows:

Spares and maintenance items are valued at lower of cost (net of taxes recoverable) on first in first out basis and net realizable value.

Stock-in-trade comprising of access devices are valued at cost on weighted average method and net realizable value, whichever is lower.

#### 1.10 CASH AND CASH EQUIVALENTS

Cash and cash equivalents in the Balance Sheet comprise cash at banks and on hand and short-term deposits with an original maturity of three months or less, which are subject to insignificant risk of change in value.

For the purpose of statement of cashflows, cash and cash equivalents consist of cash, short-term deposits as defined above, bank overdrafts and short-term highly liquid investments that are readily convertible to known amounts of cash and which are subject to insignificant risk of changes in value as they are considered as an integral part of the Company's management. Bank overdrafts are shown within borrowings under current liabilities in the balance sheet.

#### 1.11 FINANCIAL INSTRUMENTS

Financial assets and financial liabilities are recognised when a Company becomes a party to the contractual provisions of the instruments.

#### Initial Recognition and Measurement - Financial Assets and Financial Liabilities

Financial assets and financial liabilities are initially measured at fair value. Transaction costs that are directly attributable to the acquisition or issue of financial assets and financial liabilities (other than financial assets and financial liabilities at fair value through profit or loss and ancillary costs related to borrowings) are added to or deducted from the fair value of the financial assets or financial liabilities, as appropriate, on initial recognition. Transaction costs directly attributable to the acquisition of financial assets or financial liabilities at fair value through profit or loss are recognised immediately in the Statement of Profit and Loss.

#### Classification and Subsequent Measurement: Financial Assets

The Company classifies financial assets as subsequently measured at amortised cost, fair value through other comprehensive income ("FVTOCI") or fair value through profit or loss ("FVTPL") on the basis of following:

- the entity's business model for managing the financial assets; and
- the contractual cash flow characteristics of the financial asset.

#### **Amortised Cost:**

A financial asset is classified and measured at amortised cost if both of the following conditions are met:

- the financial asset is held within a business model whose objective is to hold financial assets in order to collect contractual cash flows; and
- the contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

#### **FVTOCI:**

A financial asset is classified and measured at FVTOCI if both of the following conditions are met:

- the financial asset is held within a business model whose objective is achieved by both collecting contractual cash flows and selling financial assets; and
- the contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

#### **FVTPL:**

A financial asset is classified and measured at FVTPL unless it is measured at amortised cost or at FVTOCI.

All recognised financial assets are subsequently measured in their entirety at either amortised cost or fair value, depending on the classification of the financial assets.

#### **Impairment of Financial Assets**

The Company assesses on a forward looking basis the expected credit losses associated with its assets carried at amortised cost. The impairment methodology applied depends on whether there has been a significant increase in credit risk.

For trade receivables only, the Company applies the simplified approach permitted by Ind AS 109 Financial Instruments, which requires expected lifetime losses to be recognised from initial recognition of the receivables.

#### Classification and Subsequent measurement: Financial Liabilities

The Company's financial liabilities include trade and other payables, loans and borrowings including bank overdrafts, financial guarantee contracts and derivative financial instruments.

#### **Financial Liabilities at FVTPL:**

Financial liabilities are classified as at FVTPL when the financial liability is held for trading or are designated upon initial recognition as FVTPL.

Gains or losses on financial liabilities held for trading are recognised in the Statement of Profit and Loss.

#### Other Financial Liabilities:

Other financial liabilities (including borrowings and trade and other payables) are subsequently measured at amortised cost using the effective interest method.

The effective interest method is a method of calculating the amortised cost of a financial liability and of allocating interest expense over the relevant period. The effective interest rate is the rate that exactly discounts estimated future cash payments (including all fees and points paid or received that form an integral part of the effective interest rate, transaction costs and other premiums or discounts) through the expected life of the financial liability, or (where appropriate) a shorter period, to the net carrying amount on initial recognition.

#### **Derecognition of Financial Assets and Financial Liabilities:**

The Company de-recognises a financial asset when the contractual rights to the cash flows from the financial asset expire, or it transfers the rights to receive the contractual cash flows in a transaction in which substantially all of the risks and rewards of ownership of the financial asset are transferred or in which the Company neither transfers nor retains substantially all of the risks and rewards of ownership and does not retain control of the financial asset. If the Company enters into transactions whereby it transfers assets recognised on its balance sheet, but retains either all or substantially all of the risks and rewards of the transferred assets, the transferred assets are not derecognised.

A financial liability is derecognised when the obligation under the liability is discharged or cancelled or expires.

#### Offsetting Financial Instruments:

Financial assets and liabilities are offset and the net amount is reported in the Balance Sheet where there is a legally enforceable right to offset the recognised amounts and there is an intention to settle on a net basis or realise the asset and settle the liability simultaneously. The legally enforceable right must not be contingent on future events and must be enforceable in the normal course of business and in the event of default, insolvency or bankruptcy of the Company or the counterparty.

#### 1.12 INVESTMENT IN JOINT VENTURES

A joint venture is a type of joint arrangement whereby the parties that have joint control of the arrangement have rights to the net assets of the joint venture. Joint control is the contractually agreed sharing of control of an arrangement, which exists only when decisions about the relevant activities require unanimous consent of the parties sharing control.

The Company's investments in its joint ventures are accounted at cost and reviewed for impairment at each reporting date in accordance with the policy described in note 1.07 above.

#### 1.13 BORROWING COSTS

Borrowing costs directly attributable to the acquisition, construction or production of an asset that necessarily takes a substantial period of time to get ready for its intended use or sale are capitalised as part of the cost of the asset. All other borrowing costs are expensed in the period in which they occur. Borrowing costs consist of interest and other costs that an company incurs in connection with the borrowing of funds. Borrowing cost also includes exchange differences to the extent regarded as an adjustment to the borrowing costs.

#### 1.14 PROVISIONS, CONTINGENT LIABILITIES AND CONTINGENT ASSETS

Provisions are recognised when the Company has a present legal or constructive obligation as a result of past events, it is probable that an outflow of resources embodying economic benefits will be required to settle the obligation and the amount can be reliably estimated. Provisions are not recognised for future operating losses.

Provisions are measured at the present value of management's best estimate of the expenditure required to settle the present obligation at the end of the reporting period. The discount rate used to determine the present value is a current pre-tax rate. The increase in the provision due to the passage of time is recognised as interest expense.

#### Contingent liabilities are disclosed in the case of:

- a present obligation arising from the past events, when it is not probable that an outflow of resources will be required to settle the obligation;
- a present obligation arising from the past events, when no reliable estimate is possible;
- a possible obligation arising from past events, unless the probability of outflow of resources is remote.

Contingent Assets is disclosed when inflow of economic benefits is probable.

#### 1.15 GRATUITY AND OTHER POST-EMPLOYMENT BENEFITS

#### (i) Short-term obligations

Short term employee benefits are recognised as an expense at an undiscounted amount in the Statement of Profit and Loss of the year in which the related services are rendered.

#### (ii) Post-employment obligations

The Company operates the following post-employment schemes:

- defined benefit plans such as gratuity; and
- · defined contribution plans such as provident fund

#### **Gratuity obligations**

The liability or asset recognised in the balance sheet in respect of defined benefit gratuity plans is the present value of the defined benefit obligation at the end of the reporting period less the fair value of plan assets. The defined benefit obligation is calculated annually by actuaries using the projected unit credit method.

The present value of the defined benefit obligation is determined by discounting the estimated future cash outflows by reference to market yields at the end of the reporting period on government bonds that have terms approximating to the terms of the related obligation.

The net interest cost is calculated by applying the discount rate to the net balance of the defined benefit obligation and the fair value of plan assets. This cost is included in employee benefit expense in the statement of Profit and Loss.

Remeasurement gains and losses arising from experience adjustments and changes in actuarial assumptions are recognised at amount net of taxes in the period in which they occur, directly in other comprehensive income. They are included in retained earnings in the statement of changes in equity and in the balance sheet.

Changes in the present value of the defined benefit obligation resulting from plan amendments or curtailments are recognised immediately in Statement of Profit and Loss as past service cost.

#### **Defined contribution plans**

The Company pays provident fund contributions to publicly administered provident funds as per local regulations. The Company has no further payment obligations once the contributions have been paid. The contributions are accounted for as defined contribution plans and the contributions are recognised as employee benefit expense when they are due. Prepaid contributions are recognised as an asset to the extent that a cash refund or a reduction in the future payments is available.

#### (iii) Other long-term employee benefit obligations

The liabilities for leave are not expected to be settled wholly within 12 months after the end of the period in which the employees render the related service. They are therefore measured as the present value of expected future payments to be made in respect of services provided by employees up to the end of the reporting period using the projected unit credit method. The benefits are discounted using the market yields at the end of the reporting period that have terms approximating to the terms of the related obligation. Remeasurements as a result of experience adjustments and changes in actuarial assumptions are recognised in statement of Profit and Loss.

The obligations are presented as current liabilities in the balance sheet if the entity does not have an unconditional right to defer settlement for at least twelve months after the reporting period, regardless of when the actual settlement is expected to occur.

#### (iv) Bonus Plans

The Company recognises a liability and an expense for bonuses. The Company recognises a provision where contractually obliged or where there is a past practice that has created a constructive obligation.

#### 1.16 REVENUE RECOGNITION

#### (i) Income from rendering of services

The Company derives revenues primarily from MSO business comprising of Cable TV Services including Placement Income for placing channels of various Broadcasters on MSOs Platform and other allied services.

Effective April 1, 2018 the Company adopted Ind AS 115 "Revenue from Contracts with Customers" using the cumulative catch-up transition method, applied to contracts that were not completed as at April 1, 2018. In accordance with the cumulative catch-up transition method, the comparatives have not been retrospectively adjusted. The following is the summary of new and/ or revised significant accounting policies related to revenue recognition. Refer Note 1 "Significant Accounting Policies," in the Company's Standalone financial statements for the financial year 2017-18 for the policies in effect for revenue prior to April 1, 2018. The effect on adoption of Ind AS 115 was insignificant.

Revenue is recognised upon transfer of control of promised products or services to customers in an amount that reflects the consideration the Company expect to receive in exchange for those products or services. Subscription revenue is recognized ratably over the period in which the services are rendered.

To recognise revenues, the Company applies the following five step approach:

- 1. identify the contract with a customer;
- 2. identify the performance obligations in the contract;
- 3. determine the transaction price;
- 4. allocate the transaction price to the performance obligations in the contract; and
- 5. recognise revenues when a performance obligation is satisfied

Revenue is measured based on the consideration specified in a contract with a customer and excludes amounts collected on behalf of third parties.

A receivable is a right to consideration that is unconditional upon passage of time. Revenues in excess of billings is recorded

as unbilled revenue and is classified as a financial asset for these cases as right to consideration is unconditional upon passage of time. While invoicing in excess of revenue are classified as contract liabilities (which we refer to as unearned revenue).

The Company presents revenues net of indirect taxes in its statement of Profit and Loss.

#### (ii) Other Operating Income

Other Operating Income comprises of fees for rendering management, technical and consultancy services. Income from such services is recognised upon satisfaction of performance obligations as per the terms of underlying agreements.

#### (iii) Interest Income

Interest income from debt instruments is recognised using the effective interest rate method.

#### (iv) Dividend Income

Dividends are recognised in the Statement of Profit and Loss only when the right to receive payments established, it is probable that the economic benefits associated with the dividend will flow to the Company, and the amount of the dividend can be measured reliably.

#### 1.17 TAXES ON INCOME

#### **Current Tax:**

Tax on income for the current period is determined on the basis on estimated taxable income and tax credits computed in accordance with the provisions of the relevant tax laws and based on the expected outcome of assessments / appeals. Current income tax relating to items recognised directly in equity is recognised in equity and not in the statement of profit and loss.

Management periodically evaluates positions taken in the tax returns with respect to situations in which applicable tax regulations are subject to interpretation and establishes provisions where appropriate.

#### Deferred tax:

Deferred tax is provided using the balance sheet approach on temporary differences at the reporting date between the tax bases of assets and liabilities and their carrying amounts for financial reporting purposes at the reporting date.

Deferred tax assets are recognised for all deductible temporary differences, the carry forward of unused tax credits and any unused tax losses. Deferred tax assets are recognised to the extent that it is probable that taxable profit will be available against which the deductible temporary differences, and the carry forward of unused tax credits and unused tax losses can be utilised.

The carrying amount of deferred tax assets is reviewed at each reporting date and reduced to the extent that it is no longer probable that sufficient taxable profit will be available to allow all or part of the deferred tax asset to be utilised. Unrecognised deferred tax assets are reassessed at each reporting date and are recognised to the extent that it has become probable that future taxable profits will allow the deferred tax asset to be recovered.

Deferred tax assets and liabilities are measured at the tax rates that are expected to apply in the year when the asset is realised or the liability is settled, based on tax rates (and tax laws) that have been enacted or substantively enacted at the reporting date.

Deferred tax relating to items recognised outside the statement of profit and loss is recognised outside the statement of profit and loss. Deferred tax items are recognised in correlation to the underlying transaction either in other comprehensive income or directly in equity.

The break-up of the major components of the deferred tax assets and liabilities as at balance sheet date has been arrived at after setting off deferred tax assets and liabilities where the Company have a legally enforceable right to set-off assets against liabilities.

#### 1.18 EARNINGS PER SHARE (EPS)

Basic earnings per share are calculated by dividing the net profit or loss for the period attributable to equity shareholders (after deducting attributable taxes) by the weighted average number of equity shares outstanding during the period.

For the purpose of calculating diluted earnings per share, the net profit or loss for the period attributable to equity share-holders is adjusted for after income tax effect of interest and other financing cost associated with dilutive potential equity shares and the weighted average number of shares outstanding during the period are adjusted for the effects of all dilutive potential equity shares.

#### 1.19 LEASES

The determination of whether an arrangement is, or contains, a lease is based on the substance of the arrangement at the inception date, whether fulfillment of the arrangement is dependent on the use of a specific asset or assets or the arrangement conveys a right to use the asset, even if that right is not explicitly specified in an arrangement.

#### As a Lessee

#### **Finance Lease**

Leases of Property, Plant and Equipment where the Company, as lessee, has substantially all the risks and rewards of ownership are classified as finance leases. Finance leases are capitalised at the lease's inception at the fair value of the leased property or, if lower, the present value of the minimum lease payments. The corresponding rental obligations, net of finance charges, are included in borrowings or other financial liabilities as appropriate. Each lease payment is allocated between the liability and finance cost. The finance cost is charged to the statement of profit and loss over the lease period so as to produce a constant periodic rate of interest on the remaining balance of the liability for each period.

#### **Operating Lease**

Leases in which a significant portion of the risks and rewards of ownership are not transferred to the Company as lessee are classified as operating leases. Payments made under operating leases (net of any incentives received from the lessor) are charged to statement of profit and loss on a straight-line basis over the period of the lease unless the payments are structured to increase in line with expected general inflation to compensate for the lessor's expected inflationary cost increases.

#### As a Lessor

Lease income from operating leases where the Company is a lessor is recognised in income on a straight-line basis over the lease term unless the receipts are structured to increase in line with expected general inflation to compensate for the expected inflationary cost increases. The respective leased assets are included in the balance sheet based on their nature.

#### 1.20 FOREIGN CURRENCY TRANSLATIONS

#### (i) Functional and presentation currency

The Company's standalone financial statements are prepared in INR, which is also the Company's functional and presentation currency.

#### (ii) Transactions and balances

#### Monetary items:

Foreign currency transactions are translated into the functional currency using the exchange rates at the dates of the transactions. Foreign exchange gains and losses resulting from the settlement of such transactions and from the translation of monetary assets and liabilities denominated in foreign currencies at year end exchange rates are generally recognised in statement of Profit and Loss. Foreign exchange differences regarded as an adjustment to borrowing costs are presented in the Statement of Profit and Loss, within finance costs. All other foreign exchange gains and losses are presented in the Statement of Profit and Loss on a net basis within other gains / (losses).

#### Non - Monetary items:

Non-monetary items that are measured in terms of historical cost in a foreign currency are translated using the exchange rates at the dates of the initial transactions.

#### 1.21 FINANCIAL GUARANTEE CONTRACT

The Company on case to case basis elects to account for financial guarantee contracts as financial instruments or as an insurance contract, as specified in Ind AS 109 on Financial Instruments and Ind AS 104 on Insurance Contracts. The Company has regarded its financial guarantee contracts as insurance contracts on contract by contract basis. At the end of each reporting period the Company performs liability adequacy test, (i.e. it assesses the likelihood of a pay-out based on current undiscounted estimates of future cash flows) on financial guarantee contracts regarded as insurance contracts, and the deficiency is recognised in profit or loss.

#### 1.22 FINANCIAL LIABILITIES AND EQUITY INSTRUMENTS

#### Classification as debt or equity

Debt and equity instruments issued by the Company are classified as either financial liabilities or as equity in accordance with the substance of the contractual arrangements and the definitions of a financial liability and an equity instrument.

#### **Equity instruments**

An equity instrument is any contract that evidences a residual interest in the assets of an entity after deducting all of its liabilities. Equity instruments issued by a Company are recognised at the proceeds received.

#### 1.23 BUSINESS COMBINATIONS AND GOODWILL

Business combinations are accounted for using the acquisition method. The cost of an acquisition is measured as the aggregate of the consideration transferred, measured at acquisition date fair value and the amount of any non-controlling interest in the acquiree. For each business combination, the Company elects whether it measures the non-controlling interest in the acquiree either at fair value or at the proportionate share of the acquiree's identifiable net assets. Acquisition costs which are administrative in nature are expensed out.

After initial recognition, goodwill is measured at cost less any accumulated impairment losses. For the purpose of impairment testing, goodwill acquired in a business combination is, from the acquisition date, allocated to each of the Company's cash-generating units that are expected to benefit from the combination, irrespective of whether other assets or liabilities of the acquiree are assigned to those units.

Where goodwill forms part of a cash-generating unit and part of the operation within that unit is disposed off, the goodwill associated with the operation disposed off is included in the carrying amount of the operation when determining the gain or loss on disposal of the operation. Goodwill disposed off in this circumstance is measured based on the relative values of the operation disposed off and the portion of the cash-generating unit retained.

Common control business combinations include transactions, such as transfer of subsidiaries or businesses, between entities within a group.

Business combinations involving entities or businesses under common control are accounted for using the pooling of interests method. Under pooling of interest method, the assets and liabilities of the combining entities are reflected at their carrying amounts, the only adjustments that are made are to harmonise accounting policies.

The financial information in the standalone financial statements in respect of prior periods are restated as if the business combination had occurred from the beginning of the preceding period in the standalone financial statements, irrespective of the actual date of the combination. However, if business combination had occurred after that date, the prior period information is restated only from that date.

The difference, if any, between the amount recorded as share capital issued plus any additional consideration in the form of cash or other assets and the amount of share capital of the transferor is transferred to capital reserve and presented separately from other capital reserves with disclosure of its nature and purpose in the notes.

#### 4.02 Contingent Liabilities

- a) In the state of Telangana, VAT authorities have considered Set top boxes deployed as sale and raised demand of ₹ 18.05 (March 31, 2018: ₹ 18.05) for the period April, 2011 to May 31, 2013. The Company's appeal is pending before Tribunal. The Company has deposited 50% of the amount demanded. The authorities have also levied penalty @ 100% of demand without giving an opportunity of hearing. On writ petition, Andhra Pradesh High Court has directed to initiate fresh proceedings. Since this demand was based on an advance ruling order given by relevant authority in some other case, the Company being an affected party, has filed review petition before the Advance Ruling authority. The matter has been admitted and heard, however, the decision is awaited.
- b) Entertainment Tax Officer, Pune has raised demand for Entertainment Tax on secondary points up to October, 2014 amounting to ₹ 4.57 (March 31, 2018 : ₹ 4.57 ) Writ petition has been filed before the Bombay High Court challenging the demand. Another writ petition has also been filed challenging the constitutional validity, enforceability and legality of the amendment in the Maharashtra Entertainments Duty Act, 1923 brought about w.e.f June 25, 2014.
- c) Karnataka VAT Department has reassessed VAT liabilities for the financial Years 2011-12, 2012-13 and 2013-14 stating that the amount realized as activation charges is sale of STBs and liable to VAT. The total tax liability is determined at ₹ 10.28 (March 31, 2018 : ₹ 10.28). The honorable High Court has admitted the writ petition and has granted an order of stay over recovery of taxes.

(₹ in Crores unless otherwise stated)

- d) The Commercial Tax Department, Jaipur has raised a demand of ₹ 29.68 for Entertainment Tax upto March 2011. Special Leave petition has been filed before the Honorable Supreme Court challenging the order dated May 08, 2015 passed by Honorable High Court of Rajasthan, Jaipur Bench, against which Interim stay has been granted to the Company with a direction to deposit an amount of ₹ 2.00.
- e) The Commercial Tax Department, Indore has raised a demand on an ex-parte assessment to pay entertainment tax amounting to ₹ 3.23 for the period ended February 27, 2012 and penalty thereon for ₹ 6.47, aggregating to ₹ 9.70. The Honorable Supreme Court has granted stay on the demand. However, the Company has deposited the entire tax of ₹ 3.23 and 25% of the penalty amounting to ₹ 1.62 and ₹ 4.85 by way of bank guarantee given based on the interim order of the High Court of Madhya Pradesh. Additionally, the Company has also deposited an amount of ₹ 1.00 as per the direction of the Supreme Court, while granting the stay. Out of the total amount deposited ₹ 5.85, the company has expensed out ₹ 1.73.

#### f) Claims against the Company, other than those stated above, not acknowledged as debts are as under:

Pursuant to Business Transfer Agreement dated March 24, 2017, the Company has purchased Cable Television business, which inter alia includes claims against the Company not acknowledged as debts, by way of slump sale from its holding Company Hathway Cable and Datacom Limited (HCDL). Accordingly, the details of such claims, litigation etc. relating to Cable Television business received from HCDL are disclosed hereinabove.

#### g) Foreseeable losses

The Company has a process whereby periodically all long term contracts (including derivative contracts) are assessed for material foreseeable losses. At the year end, the Company has reviewed and ensured that adequate provision as required under any law/ applicable accounting standards for material foreseeable losses on such long term contracts has been made in the books of account.

#### h) Note on pending litigations

The Company has reviewed its pending litigations and proceedings and has adequately provided for where provisions are required and disclosed the contingent liabilities where applicable, in its financial statements. The Company does not expect the outcome of these proceedings to have a materially adverse effect on its financial statements.

#### 4.03 Financial Corporate Guarantee

The Company has given Corporate Guarantees of ₹577.93 (March 31, 2018: ₹ 563.66) to Banks and ₹388.75 (March 31, 2018: ₹250.00) to others towards various credit facilities extended by them to the holding company.

#### 4.04 Capital and Other Commitments

Estimated amount of contracts (including acquisition of intangible assets net of advances) remaining to be executed on capital account and not provided for aggregate to ₹ 105.14 (March 31, 2018: ₹ 14.01).

The Company has committed to provide the necessary level of support to its various fellow subsidiaries and Joint ventures to remain in existence and continue as going concern.

#### 4.05 Employee Benefits

#### a) Defined Benefit Plans:

The Company provides for gratuity, a defined benefit retirement plan covering eligible employees. The gratuity plan provides a lump sum payment to vested employees at retirement, death, incapacitation or termination of employment, of an amount equivalent to 15 to 26 days' salary for each completed year of service subject to a maximum of  $\mathfrak{T}$  0.20. Vesting occurs upon completion of five continuous years of service in accordance with Indian law.

(₹ in Crores unless otherwise stated)

The Present value of the defined benefit obligations and related current service cost were measured using the Projected Unit Credit Method, with actuarial valuation being carried out at each Balance Sheet date.

| Investment Risk | The present value of the defined benefit plan liability is calculated using a discount rate determined by reference to government bond yields. If the return on plan asset is below this rate, it will                                                                                                                                                                                                                                                                                           |
|-----------------|--------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
|                 | create a plan deficit. Currently the plan has a relatively balanced investment with LIC of India & Exide Life Insurance Corporation of India                                                                                                                                                                                                                                                                                                                                                     |
| Interest Risk   | A decrease in the bond interest rate will increase the plan liability. However, this will be partially offset by an increase in the return on the plan's debt investments                                                                                                                                                                                                                                                                                                                        |
| Longevity Risk  | The plan is of a final salary defined benefit in nature which is sponsored by the Company and hence it underwrites all the risks pertaining to the plan. In particular, there is a risk for the Company that any adverse salary growth or demographic experience or inadequate returns on underlying plan assets can result in an increase in cost of providing these benefits to employees in future. Since the benefits are lump sum in nature the plan is not subject to any longevity risks. |
| Salary Risk     | The Gratuity benefit, being based on last drawn salary, will be critically effected in case of increase in future salaries being more than assumed.                                                                                                                                                                                                                                                                                                                                              |

|                                                        | As             | at             |
|--------------------------------------------------------|----------------|----------------|
| Particulars                                            | March 31, 2019 | March 31, 2018 |
| Payable in the next one year                           | 0.31           | 3.56           |
| Payable after next one year but before next five years | 0.04           | 0.05           |
| Payable after five years                               | -              | -              |

Some of these lease agreements have price escalation clauses

#### Details of Cancellable Leases are as under:

Lease Expenses debited to the Statement of Profit and Loss ₹ 20.08 (March 31, 2018: ₹ 14.18)

(b) The right to use granted to subsidiaries/local cable operators in respect of Access devices are not classified as lease transactions as the same are not for an agreed period of time.

#### 4.08 Capital Management

The Company's objective while managing capital is to maintain stable capital structure to support business stability and growth, ensure adherence to the covenants and restrictions imposed by lenders and / or relevant laws and regulations, and maintain an optimal and efficient capital structure so as to reduce the cost of capital that would enable to maximize the return to stakeholders.

The Company's capital requirement is mainly to fund its business expansion and repayment of borrowings. The principal source of funding of the Company has been, and is expected to continue to be, through issue of new shares and cash generated from its operations supplemented by funding from bank borrowings.

During the year, the Company is not subject to any externally imposed conditions relating to capital requirements.

The Company monitors its capital using gearing ratio, which is Net debt (total borrowings net of cash and cash equivalents and other bank balances) divided by Total 'equity' (as shown in the balance sheet)

|                          |                | As at          |

| Net debt                 | 1,011.34       | 872.30         |
| Total equity             | (209.60)       | 165.49         |
| Net debt to equity ratio | NA NA          | 5.27           |

#### 4.09 Financial Instruments

#### (i) Methods & assumption used to estimates the fair values

The fair values of the financial assets and liabilities are included at the amount at which the instrument could be exchanged in a current transaction between willing parties, other than in a forced or liquidation sale.

(₹ in Crores unless otherwise stated)

The following methods and assumptions were used to estimate the fair values:

- a) The carrying amounts of receivables and payables which are short term in nature such as trade receivables, other bank balances, deposits, loans to employees, trade payables, payables for acquisition of non- current assets, demand loans from banks and cash and cash equivalents are considered to be the same as their fair values.
- b) The fair values for long term loans, long term security deposits given and remaining non current financial assets were calculated based on cash flows discounted using a current lending rate. They are classified as level 3 fair values in the fair value hierarchy due to the inclusion of unobservable inputs.
- c) The fair values of long term security deposits taken and non-current borrowings are based on discounted cash flows using a current borrowing rate. They are classified as level 3 fair values in the fair value hierarchy due to the use of unobservable inputs.
- d) For financial assets and liabilities that are measured at fair value, the carrying amounts are equal to the fair values.

#### (ii) Categories of financial instruments

The Company uses the following hierarchy for determining and disclosing the fair value of financial instruments by valuation technique:

Level 1: unadjusted quoted prices in active markets for identical assets or liabilities.

Level 2: directly or indirectly observable market inputs, other than Level 1 inputs; and

Level 3: inputs which are not based on observable market data

#### 4.10 Financial Risk Management

The Company's financial risk management is an integral part of how to plan and execute its business strategies. The Company's financial risk management policy is set by the Board of Directors. The details of different types of risk and management policy to address these risks are listed below:

The business activities of Company expose it to financial risks namely Credit risk, Liquidity risk and Market risk. In order to minimize any adverse effects on the financial performance of the Company, it uses derivative financial instruments, such as foreign exchange forward contracts, foreign currency swap contracts, call options to hedge certain foreign currency risk exposures and follows policies set up by a Treasury department under policies approved by the Board of Directors.

#### 1 Credit risk

Credit risk arises from the possibility that counter party will cause financial loss to the company by failing to discharge its obligation as agreed.

The Company's exposure to credit risk arises mainly from the trade receivables, unbilled revenue, loans given, financial guarantee contract and derivative financial instruments.

Credit risks from balances with banks and financial institutions are managed in accordance with the Company policy. For derivative and financial instruments, the Company attempts to limit the credit risk by only dealing with reputable banks and financial institutions having high credit-ratings assigned by credit-rating agencies.

The Company's major revenue streams arises from services provided to end use customers in the form of monthly subscription income and receivables from broadcasters for carriage / placement income. The trade receivables and unbilled revenue on account of subscription income are typically un-secured and derived from sales made to large number of independent customers. As the customer base is distributed economically and geographically, there is no concentration of credit risk. In case of receivables and unbilled revenue from the carriage / placement income, as there is no independent credit rating of the broadcasters available with the Company, the management reviews the credit-worthiness of the broadcasters based on their financial position, past experience and other factors.

The Company follows a simplified approach (i.e based on lifetime ECL) for recognition of impairment loss allowance on Trade receivables and unbilled revenue. For the purpose of measuring the lifetime ECL allowance for trade receivables and unbilled revenue, the Company uses a provision matrix which comprise a very large number of small balances grouped into homogenous groups and assessed for impairment collectively. In addition, in case there are events or changes in circumstances indicating individual or class of trade receivables is required to be reviewed on qualitative aspects, necessary provisions are made.

The Trade Receivables includes amount due from disconnected / inactive customers / LCOs with whom no inter-connect documents have been executed and outstanding in excess of one year. The Company is taking adequate steps for recovery of overdue debts and advances and wherever necessary, adequate provisions as per expected credit loss model have been made

(₹ in Crores unless otherwise stated)

Reconciliation of changes in the loss allowances measured using life-time expected credit loss model - Trade receivables

#### 2 Liquidity Risk

Liquidity risk is the risk that the Company will encounter difficulty in meeting obligations associated with financial liabilities that are settled by delivering cash or another financial asset. The Company liquidity risk management policies include to, at all times ensure sufficient liquidity to meet its liabilities when they are due, by maintaining adequate sources of financing from both domestic and international banks at an optimised cost. In addition, processes and policies related to such risks are overseen by senior management. The Company's senior management monitors the Company's net liquidity position through rolling forecasts on the basis of expected cash flows.

<sup>\*</sup> Includes ₹ 19.90 as Prepaid Finance Charges.

(₹ in Crores unless otherwise stated)

The Company from time to time in its usual course of business issues financial guarantees to holding Company. Company has issued corporate guarantee for debt of ₹ 966.68 (March 31, 2018: ₹ 813.66). The outflow in respect of these guarantees will arise only upon default ₹ 256.99 (March 31, 2018: ₹ 387.09) is due for repayment within 1 year and ₹ 709.69 (March 31, 2018: ₹ 426.57) is due for repayment within 1 - 5 years from the reporting date.

#### Financing arrangements

The Company has sufficient sanctioned line of credit from its bankers / financiers; commensurate to its business requirements. The Company reviews its line of credit available with bankers and lenders from time to time to ensure that at all point of time there is sufficient availability of line of credit.

The Company pays special attention to the net operating working capital invested in the business. In this regard, as in previous years, considerable work has been performed to control and reduce collection periods for trade and other receivables, as well as to optimise accounts payable with the support of banking arrangements to mobilise funds.

#### 3 Market Risk

Market risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in market prices. The Company is exposed in the ordinary course of business to following risks: (a) foreign exchange risk, (b) interest rate risk and (c) price risk.

#### a) Market Risk - Foreign Exchange

Foreign exchange risk arises on all recognised monetary assets and liabilities which are denominated in a currency other than the functional currency of the Company. The Company has foreign currency trade payables and borrowings.

Foreign currency risk is managed by following established risk management policies, which inter alia includes monitoring the movements in currencies in which the borrowings / capex vendors are payable and hedging the exposure to foreign currency risk by entering into forward currency contracts, call options and currency swaps contracts.

The Company does not enter into or trade financial instrument including derivative for speculative purpose.

The carrying amount of the Company's foreign currency denominated monetary assets and monetary liabilities at the end of the reporting period are as follows:

#### b) Market Risk - Interest Rate

Interest rate risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in market interest rates. The Company is exposed to interest rate risk because the Company has borrowed funds substantially at floating interest rates. The interest rate risk is managed by the Company by the use of interest rate swap and by monitoring monthly cash flow which is reviewed by management to prevent loss of interest.

(₹ in Crores unless otherwise stated)

The exposure of the company's borrowings to interest rate changes at the end of the reporting period are as follows:

| Particulars                                            | March 31, 2019 | March 31, 2018 |
|--------------------------------------------------------|----------------|----------------|
| Variable rate borrowings*                              | 986.45         | 799.79         |
| Fixed rate borrowings                                  | 21.72          | 69.57          |
| Total                                                  | 1,008.17       | 869.36         |
| Derivatives                                            |                |                |
| Foreign Currency Interest Rate Swaps                   | -              | -              |
| Rupees Interest Rate Swaps (Notional Principal amount) | -              | -              |
| Currency Swaps                                         | -              | 30.45          |
| Total                                                  | -              | 30.45          |

<sup>\*</sup> Include ₹ 17.11 (March 2018: ₹ 19.90) as Prepaid Financial Charges.

#### Interest rate sensitivity analysis

The sensitivity analysis below have been determined based on the exposure to interest rates on the borrowings at the end of the reporting period. For floating rate borrowings, the analysis is prepared assuming the amount of borrowing outstanding at the end of the reporting period was outstanding for whole of the year. A 100 basis point increase or decrease is used when reporting interest rate risk internally to key management personnel.

|                                                 | Impact on loss:<br>Increase/(Decrease) |                   | Impact on equity : (Increase)/Decrease |                   |
|-------------------------------------------------|----------------------------------------|-------------------|----------------------------------------|-------------------|
|                                                 | March 31,<br>2019                      | March 31,<br>2018 | March 31,<br>2019                      | March 31,<br>2018 |
| Interest rates - increase by 100 basis points * | 9.86                                   | 6.34              | 9.86                                   | 6.34              |
| Interest rates - decrease by 100 basis points * | (9.86)                                 | (6.34)            | (9.86)                                 | (6.34)            |

<sup>\*</sup> assuming all other variables as constant

The sensitivity disclosed in the above table is attributable to variable interest rate borrowings and the interest swaps. The above sensitivity analysis is based on a reasonably possible change in the under-lying interest rate of the Company's borrowings in INR, USD (being the significant currencies in which it has borrowed funds), while assuming all other variables (in particular foreign currency rates) to be constant.

#### c) Market Risk - Price Risk

The Company is mainly exposed to the price risk due to its investment in mutual funds. The price risk arises due to uncertainties about the future market values of these investments. At March 31 2019, the investments in mutual funds is Rs.2.09 (March 31, 2018: Nil). These are exposed to price risk. In order to minimise price risk arising from investments in mutual funds, the Company predominately invests in those mutual funds which have higher exposure to high quality debt instruments with adequate liquidity & no demonstrated track record of price volatility.

#### Price risk sensitivity:

0.10% increase or decrease in prices will have the following impact on profit/loss before tax and on other components of equity

|                              | Impact on Profit:<br>Increase/(Decrease) |                   | Impact on components o<br>Increase/(Dec | f equity          |
|------------------------------|------------------------------------------|-------------------|-----------------------------------------|-------------------|
|                              | March 31,<br>2019                        | March 31,<br>2018 | March 31,<br>2019                       | March 31,<br>2018 |
| Price - increase by 0.10%**  | *                                        | -                 | *                                       | -                 |
| Price - decrease by 0.10% ** | (*)                                      | -                 | (*)                                     | -                 |

<sup>\*</sup> Amount less than ₹ 50000/-

<sup>\*\*</sup> assuming all other variables as constant

(₹ in Crores unless otherwise stated)

#### 4.11 Related Party Disclosures:

The Company had issued in 5% Non cumulative Redeemable Preference shares aggregating to  $\overline{\mathfrak{C}}$  0.05 (March 31, 2018 :  $\overline{\mathfrak{C}}$  0.05). The Company has given Corporate financial Guarantees of  $\overline{\mathfrak{C}}$  966.68 (March 31, 2018 :  $\overline{\mathfrak{C}}$  813.66) on behalf of Hathway Cable and Datacom Limited.

#### 4.12 Significant Estimates:

The deferred tax assets recognised during the quarter is mainly in respect of business loss / unabsorbed depreciation allowance available for set off for indefinite period in terms of applicable tax laws. Considering the revision in business plans and growth strategy of the Company, implementation of New Tariff Order; the Management is reasonably certain of future taxable income and hence recovery of such deferred tax assets. (Refer to Note 2.06)

#### Expiry schedule of deferred tax assets not recognised is as under:

| Particulars                      | 2019-20 | 2020-21 | 2021-22 | 2022-23 | 2023-24 | Beyond<br>5 years | Indefinite | Total  |
|----------------------------------|---------|---------|---------|---------|---------|-------------------|------------|--------|
| Business losses                  | 0.24    | 0.55    | 0.56    | 2.03    | 10.17   | 9.86              | -          | 23.41  |

| Total                            | 0.24    | 0.55    | 0.56    | 2.03    | 10.17   | 9.86              | 129.13     | 152.54 |

- 4.13 During the financial year 2017-18 and 2018-19, there has been no investment made by the Company in terms of Section 186(4) of the Act. The operations of the Company are classified as 'infrastructure facilities' as defined under Schedule VI to the Act. Accordingly, the disclosure requirements specified in sub-section 4 of Section 186 of the Act in respect of loans given or guarantee given or security provided and the related disclosures on purposes / utilization by recipient companies, are not applicable to the Company.
- **4.14** As per the information available with the Company, none of the suppliers qualify as supplier under The Micro, Small and Medium Enterprises Development Act, 2006 ("the Act") and accordingly no disclosure is made pursuant to section 22 of the Act

#### 4.15 Exceptional Items

In view of the New Regulatory Framework for Broadcasting and Cable services sector notified by the Telecom Regulatory Authority of India (TRAI), which has come into effect during the quarter resulting into changes in pricing mechanism & arrangements amongst the Company, LCOs and Broadcasters; the Management, based on a review, has provided for (a) impairment of trade receivables, advances & exposure to certain entities including Joint Ventures; (b) write down to the recoverable value of certain assets. These adjustments, having one-time, non-routine material impact on financial statements, hence been disclosed as "Exceptional Item" in Financial Statements.

(₹ in Crores unless otherwise stated)

b Pursuant to the arbitration award dated April 19, 2018 in the matter of Venkat Sai Media Private Limited, the Company, during the previous year had written off related debtors of ₹ 4.26.

#### 4.16 Revenue from contracts with customers

#### **Disaggregation Of Revenue**

|                               | For the year ended<br>March 31, 2019 |
|-------------------------------|--------------------------------------|
| Major service lines           |                                      |
| Subscription income           | 652.42                               |
| Activation income             | 65.89                                |
| Placement and Carriage income | 286.16                               |
| Other operating revenue       | 21.93                                |

#### **Contract Balances**

The Company classifies the right to consideration in exchange for deliverables as either a receivable or as unbilled revenue.

Trade receivable and unbilled revenues are presented net of impairment in the Balance Sheet

The following table provides information about receivables, contract assets and contract liabilities for the contracts with the customers.

| Particulars                                                      | March 31, 2019 |
|------------------------------------------------------------------|----------------|
| Receivables, which are included in 'Trade and other receivables' | 160.18         |
| Contract assets (Unbilled Revenue)                               | -              |
| Contract liabilities (Unearned Revenue)                          | 15.12          |

The contract assets primarily relate to the Company's rights to consideration for work completed but not billed at the reporting date. The contract assets are transferred to receivables when the rights become unconditional.

The contract liabilities primarily relate to the billing recognized in advance where performance obligations are yet to be satisfied. Significant changes in the contract assets and the contract liabilities balances during the period are as follows:

| Particulars                                                                                        | As at<br>March 31, 2019 | As at<br>March 31, 2019 |  |
|----------------------------------------------------------------------------------------------------|-------------------------|-------------------------|--|
|                                                                                                    | Contract assets         | Contract liabilities    |  |
| Balance at the beginning of the year                                                               | -                       | 22.51                   |  |
| Advance Income received from the customer during the year                                          | -                       | 15.12                   |  |
| Revenue recognised that is included in the contract liability balance at the beginning of the year | -                       | 22.51                   |  |
| Balance at the end of the year                                                                     | -                       | 15.12                   |  |

#### **Performance Obligations And Remaining Performance Obligations**

The remaining performance obligation disclosure provides the aggregate amount of the transaction price yet to be recognized as at the end of the reporting period and an explanation as to when the company expects to recognize these amounts in revenue. Applying the practical expedient as given in Ind AS 115, the company has not disclosed the remaining performances as the performance obligations relates to contracts that have an original expected duration of one year or less.

Remaining performance obligation estimates are subject to change and are affected by several factors, including terminations, changes in the scope of contracts, periodic revalidations, adjustment for revenue that has not materialized and adjustments for currency.

#### (Formerly Known as Hathway Datacom Central Private Limited)

### **Notes To The Standalone Financial Statements**

(₹ in Crores unless otherwise stated)

For and on behalf of the Board

#### 4.17 Recent pronouncements

On March 30, 2019, Ministry of Corporate Affairs ("MCA") has notified the Ind AS 116 Leases which replaces the existing Ind AS 17 Leases. The new standard will come into force from April 1, 2019.

The core principle of the new standard lies in identifying whether the contract is or contains a lease. A contract is, or contains, a lease if the contract conveys the right to control the use of an identified asset for a period of time in exchange for consideration. The new standard modifies the accounting of leases in the books of lessee. At the commencement date, a lessee shall recognise a right-of-use asset and a lease liability, for all leases with a term of more than 12 months, unless the underlying asset is of a low value. The accounting for leases in the books of the lessor is substantially similar to the requirements of Ind AS 17.

The standard allows for two methods of transition: the full retrospective approach, requires entities to retrospectively apply the new standard to each prior reporting period presented and the entities need to adjust equity at the beginning of the earliest comparative period presented, or the modified retrospective approach, under which the date of initial application of the new leases standard, lessees recognize the cumulative effect of initial application as an adjustment to the opening balance of equity as of annual periods beginning on or after April 1, 2019.

The Company will adopt this standard using modified retrospective method effective April 1, 2019, and accordingly, the comparative for year ended March 31, 2019, will not be retrospectively adjusted.

The effect on adoption of Ind AS 116 is being ascertained.

- 4.18 The board of directors of 5 wholly owned subsidiaries of the Holding Company viz. Hathway New Concept Cable and Datacom Private Limited, Hathway Krishna Cable Private Limited, UTN Cable Communications Private Limited, Hathway software Developers Private Limited and Hathway Mysore Cable Network Private Limited have resolved, subject to necessary approvals, to demerge their cable television business to Hathway Digital Private Limited with effect from closing hours of March 31, 2017. The management proposes to file the Scheme during financial year 2019-20.
- 4.19 The Company is in the process of evaluating the impact of the recent decision of the Supreme Court in case of Vivekananda Vidyamandir and the related circular dated March 20, 2019 issued by the Employees' Provident Fund Organisation in relation to non-exclusion of certain allowances from the definition of "Basic Wages" of the relevant employees for the purposes of determining contribution to provident fund under the Employees' Provident Funds & Miscellaneous Provisions Act, 1952. In the assessment of the management which is supported by the legal advice, the aforesaid matter is not likely to have a material impact as on March 31, 2019 and accordingly, no provision has been made in these financial statements.
- **4.20** Previous year's figures have been reclassified / regrouped, wherever necessary.
