

The Directors
RIL (Australia) Pty Ltd
C/- Kennedy & Co
140 Greenhill Road
UNLEY SA 5061

12 June 2015

Dear Board Members

RIL (Australia) Pty Ltd

In accordance with section 307C of the Corporations Act 2001, I am pleased to provide the following declaration of independence to the directors of RIL (Australia) Pty Ltd.

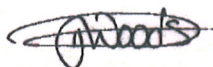

As lead audit partner for the audit of the financial statements of RIL (Australia) Pty Ltd for the financial year ended 31 March 2015, I declare that to the best of my knowledge and belief, there have been no contraventions of:

- (i) the auditor independence requirements of the Corporations Act 2001 in relation to the audit ; and
- (ii) any applicable code of professional conduct in relation to the audit.

Yours sincerely

Deloitte Touche Tohmatsu

DELOITTE TOUCHE TOHMATSU

Independent Auditor's Report to the members of RIL (Australia) Pty Ltd

We have audited the accompanying financial report, being a special purpose financial report, of RIL (Australia) Pty Ltd, which comprises the statement of financial position as at 31 March 2015, the statement of profit or loss and other comprehensive income, the statement of cash flows and the statement of changes in equity for the year ended on that date, notes comprising a summary of significant accounting policies and other explanatory information, and the directors' declaration as set out on pages 7 to 17.

Directors' Responsibility for the Financial Report

The directors of the company are responsible for the preparation of the financial report that gives a true and fair view and have determined that the basis of preparation described in Note 2 to the financial report is appropriate to meet the requirements of the *Corporations Act 2001* and is appropriate to meet the needs of the members. The directors' responsibility also includes such internal control as the directors determine is necessary to enable the preparation of the financial report that gives a true and fair view and is free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on the financial report based on our audit. We have conducted our audit in accordance with Australian Auditing Standards. Those standards require that we comply with relevant ethical requirements relating to audit engagements and plan and perform the audit to obtain reasonable assurance whether the financial report is free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial report. The procedures selected depend on the auditor's judgement, including the assessment of the risks of material misstatement of the financial report, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation of the financial report that gives a true and fair view, in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of accounting estimates made by the directors, as well as evaluating the overall presentation of the financial report.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Auditor's Independence Declaration

In conducting our audit, we have complied with the independence requirements of the *Corporations Act 2001*. We confirm that the independence declaration required by the *Corporations Act 2001*, which has been given to the directors of RIL (Australia) Pty Ltd would be in the same terms if given to the directors as at the time of this auditor's report.

Opinion

In our opinion, the financial report of RIL (Australia) Pty Ltd is in accordance with the *Corporations Act 2001*, including:

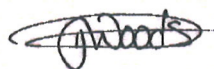

- (a) giving a true and fair view of the company's financial position as at 31 March 2015 and of its performance for the year ended on that date; and
- (b) complying with Australian Accounting Standards to the extent described in Note 2, and the *Corporations Regulations 2001*.

Basis of Accounting

Without modifying our opinion, we draw attention to Note 2 to the financial report, which describes the basis of accounting. The financial report has been prepared for the purpose of fulfilling the directors' financial reporting responsibilities under the *Corporations Act 2001*. As a result, the financial report may not be suitable for another purpose.

RIL (AUSTRALIA) PTY LTD ABN: 45 125 489 223
NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED 31 MARCH 2015

Note 1 **General Information**

LEGAL STATUS

RIL (Australia) Pty Ltd ("RILA or the Company") is a Limited by shares and proprietary Company registered under the Corporations Act 2001.

The Company was incorporated on 7 June 2007.

Reliance Industries Limited, a company incorporated in India is the sole shareholder of this Company.

The Company's registered office and its principle place of business are as follows:

Registered office

c/o Kennedy & Co
140 Greenhill Road
UNLEY SA 5061

Principal place of business

c/o Kennedy & Co
140 Greenhill Road
UNLEY SA 5061

BUSINESS ACTIVITIES

The Company is engaged in the business of exploration and production of natural resources, primarily uranium, oil and gas from mineral properties.

On 7 December 2007, Company entered into a farm-in-agreement with Uranium Exploration Australia Ltd. ("UXA"). The agreement is effective from 1 July 2007. Under the term of the Farm-in agreement, RILA has 49% undivided interest in four South Australian exploration licences and four Northern Territory exploration licence applications.

The Company's assets were primarily working interests in uranium blocks situated in the Northern Territory as below.

	Northern Territory State	EL No.	Participating Interest 2015	Participating Interest 2014	Area (Sq.KM)
1	Nabarlek North	EL 24868	-	49%	191.49
2	Pandanus West	EL 24565	-	49%	959.65

RILA have completed the transfer of RILA 49% participating interest in Pandanus West and Nabarlek North tenements to UXA. Thus presently, RILA does not have tenement for exploration in Australia.

Note 2 **Statement of Significant Accounting Policies**

Financial reporting framework

The directors have prepared the financial statements on the basis that there are unlikely to exist users of the financial report who are unable to command the preparation of reports tailored so as to satisfy specifically all of their information needs. The financial statements are therefore a special purpose financial report that has been prepared in order to meet the needs of members under the Corporations Act 2001.

RIL (AUSTRALIA) PTY LTD ABN: 45 125 489 223
NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED 31 MARCH 2015 (CONTINUED)

Note 2 **Statement of Significant Accounting Policies (continued)**

Statement of compliance

The financial report has been prepared in accordance with the Corporations Act 2001, the recognition and measurement requirements specified by all Accounting Standards and Interpretations, and the disclosure requirements of Accounting Standards AASB 101 'Presentation of Financial Statements', AASB 107 'Cash Flow Statements', AASB 108 'Accounting Policies, Changes in Accounting Estimates and Errors' and AASB 1054 'Australian Additional Disclosures'.

Adoption of new and revised Accounting Standards

In the current year, the Company has adopted all of the new and revised Standards and Interpretations issued by the Australian Accounting Standards Board (the AASB) that are relevant to its operations and effective for the current annual reporting period.

Accounting standards not yet effective

At the date of authorisation of the financial report, various Standards and Interpretations were in issue not yet effective. The directors anticipate that the adoption of these Standards and Interpretations in future periods will have no material financial impact on the financial statements of the Company. These Standards and Interpretations will be first applied in the financial report of the Company that relates to the annual reporting period beginning after the effective date of each pronouncement.

Basis of Preparation

The financial report has been prepared on the basis of historical cost. All amounts are presented in Australian dollars, unless otherwise noted.

The financial statements have been prepared on a going concern basis as the Company will continue to receive financial support from the ultimate parent Company, Reliance Industries Limited, which has covenanted its intention to provide on-going financial support to enable the company to pay its debts as and when they fall due. If the Company is unable to continue as a going concern, it may be required to realise its assets and extinguish its liabilities other than in the normal course of business and at amounts different to that stated in the financial report. The financial report does not include adjustments, if any, relating to the recoverability and classification of recorded asset amounts or the amounts and classification of liabilities that might be necessary should the Company not continue as a going concern.

The accounting policies adopted are consistent with those of the previous financial year except for changes specified related to the adoption of the going concern basis of preparation.

Accounting Policies

(a) Income Tax

The charge for current income tax expense is based on the result for the period adjusted for any non-assessable or disallowed items. It is calculated using the tax rates that have been enacted or are substantially enacted by the balance date.

Deferred tax is accounted for using the balance sheet liability method in respect of temporary differences arising between the tax bases of assets and liabilities and their carrying amounts in the financial statements. No deferred income tax will be recognised from the initial recognition of an asset or liability, excluding a business combination, where there is no effect on accounting or taxable profit or loss.

Deferred tax is calculated at the tax rates that are expected to apply to the period when the asset is realised or liability is settled.

Deferred income tax assets are recognised to the extent that it is probable that future tax profits will be available against which deductible temporary differences can be utilised.

The amount of benefits brought to account or which may be realised in the future is based on the assumption that no adverse change will occur in income taxation legislation and the anticipation that the company will derive sufficient future assessable income to enable the benefit to be realised and comply with the conditions of deductibility imposed by the law.

RIL (AUSTRALIA) PTY LTD ABN: 45 125 489 223
NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED 31 MARCH 2015 (CONTINUED)

Note 2 **Statement of Significant Accounting Policies (continued)**

(b) Exploration and Evaluation Expenditure

Exploration and evaluation expenditure in relation to each separate area of interest, has been recognised as an exploration and evaluation asset in the year in which they are incurred where the following conditions are satisfied:

- (i) the rights to tenure of the area of interest are current; and
- (ii) at least one of the following conditions are also met:
 - Exploration and evaluation expenditure are expected to be recouped through successful development and exploration of the area of interest, or alternatively, by its sale: or
 - Exploration and evaluation activities in the area of interest have not at the reporting date reached a stage which permits a reasonable assessment of the existence or otherwise of economically recoverable reserves, and active and significant operations in, or in relation to, the area of interest are continuing.

Exploration and evaluation assets are initially measured at cost and include acquisition of rights to explore, studies, exploration drilling, trenching and sampling and associated activities. General and administrative costs are only included in the measurement of exploration and evaluation costs where they relate directly to operational activities in a particular area of interest.

Exploration and evaluation assets are assessed for impairment when facts and circumstances (as defined in AASB 6 "Exploration for and Evaluation of Mineral Resources") suggest that the carrying amount of exploration and evaluation assets may exceed its recoverable amount. The recoverable amount of the exploration and evaluation assets (or the cash-generating unit(s) to which it has been allocated, being no larger than the relevant area of interest) is estimated to determine the extent of the impairment loss (if any). Where an impairment loss subsequently reverses, the carrying amount of the asset is increased to the revised estimate of its recoverable amount, but only to the extent that the increased carrying amount does not exceed the carrying amount that would have been determined had no impairment loss been recognised for the asset in previous years.

Where a decision is made to proceed with development in respect of a particular area of interest, the relevant exploration and evaluation asset is tested for impairment, reclassified to development properties, and then amortised over the life of the reserves associated with the area of interest once mining operations have commenced.

(c) Property, Plant and Equipment

Plant and equipment are stated at cost less accumulated depreciation and impairment. Depreciation is calculated on a straight-line basis so as to write off the net cost or other revalued amount of each asset over its expected useful life to its estimated residual value.

(d) Impairment of Assets

At each reporting date, the Company reviews the carrying values of its tangible and intangible assets to determine whether there is any indication that those assets have been impaired. If such an indication exists, the recoverable amount of the asset, being the higher of the asset's fair value less costs to sell and value in use, is compared to the asset's carrying value. Any excess of the asset's carrying value over its recoverable amount is expensed to the income statement.

Impairment testing is performed annually for intangible assets with indefinite lives.

Where it is not possible to estimate the recoverable amount of an individual asset, the group estimates the recoverable amount of the cash-generating unit to which the asset belongs.

RIL (AUSTRALIA) PTY LTD ABN: 45 125 489 223
NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED 31 MARCH 2015 (CONTINUED)

Note 2 **Statement of Significant Accounting Policies (continued)**

(e) Cash and Cash Equivalents

Cash and cash equivalents includes cash on hand, deposits held at call with banks, other short-term highly liquid investments with original maturities of three months or less, and bank overdrafts. Bank overdrafts are shown within borrowings in current liabilities on the balance sheet.

(f) Joint Ventures

The financial statements of the Company reflect its share of assets, liabilities, income and expenditure of the Joint Venture operations, which are accounted on the basis of available information on line-by-line basis with similar items in the Company's accounts to the extent of the participating interest of the Company.

(g) Financial Assets

All financial assets are recognised and derecognised on trade date where the purchase or sale of a financial asset is under a contract whose terms require delivery of the financial asset within the timeframe established by the market concerned, and are initially measured at fair value plus transaction costs.

Financial assets are classified into the following specified categories: 'loans and receivables'. The classification depends on the nature and purpose of the financial assets and is determined at the time of initial recognition.

Loans and Receivables

Trade receivables, loans and other receivables are recorded at amortised cost less impairment.

(h) Equity Instruments Issued

An equity instrument is any contract that evidences a residual interest in the assets of an entity after deducting all of its liabilities. Equity instruments issued by the company are recognised at the proceeds received, net of direct issue costs.

(i) Revenue

Interest revenue is recognised on a proportional basis taking into account the interest rates applicable to the financial assets.

(j) Goods and Services Tax (GST)

Revenues, expenses and assets are recognised net of the amount of GST, except where the amount of GST incurred is not recoverable from the Australian Tax Office. In these circumstances the GST is recognised as part of the cost of acquisition of the asset or as part of an item of the expense. Receivables and payables in the balance sheet are shown inclusive of GST.

Cash flows are presented in the cash flow statement on a gross basis, except for the GST component of investing and financing activities, which are disclosed as operating cash flows.

(k) Payables

Trade payables and other accounts payable are recognised when the company becomes obliged to make future payments resulting from the purchase of goods and services.

(l) Critical accounting estimates and judgments

The directors evaluate estimates and judgments incorporated into the financial report based on historical knowledge and best available current information. Estimates assume a reasonable expectation of future events and are based on current trends and economic data, obtained both externally and within the company. The estimates and underlying assumptions are reviewed on an on-going basis.

	<u>6,600,001</u>	<u>6,550,001</u>

The Company has authorised share capital amounting to 6,600,001 (2014:6,550,001) ordinary shares. Reliance Industries Limited is the ultimate parent company holding 100% of the ordinary shares.

Ordinary Shares

	No.	No.
At the beginning of reporting period	6,550,001	6,550,001
Ordinary shares issued during the year at \$1	50,000	-
At reporting date	<u>6,600,001</u>	<u>6,550,001</u>

Holders of ordinary shares are entitled to receive dividends as declared from time to time and are entitled to one vote per share at the shareholders meeting. Changes to the then Corporations Law abolished the authorised capital and par value concept in relation to share capital from 1 July 1998. Therefore, the company does not have a limited amount of authorised capital and issued shares do not have a par value.

In the event of winding up of the Company, ordinary shareholders rank after creditors and are fully entitled to any proceeds of liquidation.

Fully paid ordinary shares carry one vote per share and carry a right to a dividend.
