For all other definitions and abbreviations, please refer Condensate Sale Agreement provided in Annexure IV of this RFP.

Request for Proposal (RFP) for Sale of Condensate from KG-DWN-98/3 Block

3. Details of the Condensate offered

Details of the Condensate offered from KG DWN 98/3 Block is as follows:

#	Parameter	Details
1.	Block Name	KG DWN 98/3 Block
2.	Sellers	RIL and BPEAL in accordance to their respective Participating Interest in the Block KG DWN 98/3. RIL: 66.67% and BPEAL: 33.33%
3.	Delivery Point	Outlet flange of the FPSO Risk, Liability and title of condensate will be transferred from Sellers to Buyer at the Delivery Point.
4.	Incoterms 2020	FOB at the Delivery Point
5.	Expected Sale Period	For 1 st cargo: 20 th to 30 th June 2023 For 2 nd cargo: 1 st to 31 st August 2023
6.	Condensate Quantity & Quality	<p>i. Seller is offering two cargos of 420,000 bbl each to be sold during the respective Expected Sale Period. Sellers shall endeavour to deliver Condensate with +/- 10% tolerance of the agreed parcel size.</p> <p>ii. Condensate assay appended in Annexure I of this RFP.</p> <p>iii. Since Condensate production at KG D6 is in ramp-up phase and hence there is a possibility that offered cargo quantity might vary beyond the tolerance of +/- 10%. In such a situation, Sellers' Representative will inform the Buyer atleast two days before the notice of Loading Date Range is issued as per Section 3.7 of this RFP.</p> <p>iv. Due to the situation described in Section 3.6 (iii) above, for any discussion to make adjustment in the final price, following documents are required from Buyer as the basis for calculation:</p> <ol style="list-style-type: none"> a. Freight invoice, b. Demurrage invoice and c. Relevant section of the charter party copy showing minimum freight quantity and freight rate. <p>v. It may be noted that proposed adjustment will be one-time adjustment between the Seller and the Buyer and based on the Price Bid received by the highest Bidder (i.e. the Buyer). Such adjustment will not change the outcome of the bidding process in any way.</p>

Request for Proposal (RFP) for Sale of Condensate from KG-DWN-98/3 Block

7.	Loading Date Range	<p>i. For 1st cargo, Sellers' Representative to inform the Buyer Loading Date Range (three-day loading window that will fall within the respective Expected Sale Period) atleast 20 days prior to the first day of the Loading Date Range.</p> <p>ii. For 2nd cargo, Sellers' Representative to inform the Buyer Loading Date Range (three-day loading window that will fall within the respective Expected Sale Period) atleast 30 days prior to the first day of the Loading Date Range.</p>
8.	Layday	Buyer needs to inform the Sellers' Representative Layday duration 15 days prior to the first day of the Loading Date Range.
9.	Pricing Formula, USD/bbl	<p>Dated Brent (in USD/bbl) + 'B' multiplied with Dated Brent (in USD/bbl)</p> <p>Dated Brent is the monthly average of the daily mean values of the high and low assessments of Brent (Dated) (Platts Code: PCAAS00) Crude Oil quotations (as published under the Spot Crude Assessment Heading in Platt's Crude Oil MARKETWIRE spot assessment, (including any published correction)) in the USD per barrel for the month of supply, to be rounded off to three decimal places.</p> <p>'B' is a biddable percentage upto two decimal places and greater than minus 5.75%.</p> <p>Condensate Price calculation shall be rounded off to three decimal places at all stages till the determination of final price of Condensate.</p> <p>Assay reported in Annexure I of the RFP is based on KG D6 wellhead sample and hence API of the Condensate sold is expected to slightly differ from the assay provided in Annexure I of the RFP. This API variability is addressed using below formula.</p> <p>Price shall be escalated by USD 0.040 per net Barrel for each full 0.10 API Degree greater than 43 degrees or De-escalated by USD 0.040 per net Barrel for each full 0.10 API Degree below 43 degrees API.</p> <p>API gravity, as determined by the independent inspector at the time of loading and reported in the certificate of quality issued by the Sellers' Representative for the subject cargo, shall be considered in above mentioned formula for determining the adjustment factor.</p> <p>Full API degree calculation shall be rounded off to one decimal place for determining the API adjustment factor.</p>

- 10.2. Each Bidder is required to submit its bid based on the terms and conditions of this RFP and the Agreement, without any deviations or conditionality.

- 10.3. A bid, once submitted, shall be binding on the Bidder who has submitted such bid. Each Bidder undertakes to offtake the Condensate volume as per Section 1.2.6 of this RFP at the end of the process and at the Condensate Price submitted in the respective Price Bid.
- 10.4. In addition to the Condensate Price, each Bidder acknowledges and agrees that it needs to do its own due diligence for any taxes, duties and levies on the purchase of Condensate as per the terms of Agreement;
- 10.5. Each Bidder acknowledges and agrees that this RFP by the Sellers does not constitute any commitment to supply or sell Condensate. The obligation to supply or sell Condensate to a Buyer shall become effective only upon the execution of the Agreement by all the Parties.
- 10.6. In case of any conflict between the provisions of this RFP and the Agreement, the provisions of the Agreement shall prevail.
- 10.7. All the notices, future amendments, if any, to this RFP and the Agreement during the bidding process shall be communicated to all Bidders through email.

11. Rights of Sellers:

- 11.1. The Sellers reserve the right to withhold or withdraw the bidding process at any stage or cancel or modify the process or change / modify / amend any or all provisions of this RFP, at any time, without assigning any reason whatsoever by notice to all Bidders.
- 11.2. The Sellers have sole discretion and reserve the right, without any obligation or liability, to accept or reject any or all of the bids at any stage of the bidding process without assigning any reason whatsoever.
- 11.3. The Sellers, at their own discretion, can seek additional documents from Bidders that they may deem required to ascertain the capability of Bidders to offtake Condensate as per the terms of Agreement.
- 11.4. Absolute right to award rests with the Sellers and this RFP does not impose or create any legally binding obligation whatsoever on the Sellers.
