About Jio Platforms Limited

Jio Platforms Limited ("Jio"), a subsidiary of Reliance Industries Limited, has built a world class, all-IP, data strong, future proof network with 4G LTE and 5G technologies (through its wholly owned subsidiary, Reliance Jio Infocomm Limited). It is the only network conceived as a Mobile Video Network from the ground up. It is future-ready and can be easily upgraded to support even more data, as technologies advance to 6G and beyond.

Jio has brought transformational changes in the Indian digital services space to enable the vision of Digital India for 1.4 billion Indians and propel India into global leadership in the digital economy. It has created an eco-system comprising of network, devices, applications and content, service experience, and affordable tariffs for everyone to live the Jio Digital Life.
