REC Systems (Thailand) Co., Ltd.

Financial statements For the year ended 31st December, 2023

Independent Auditor's Report

To the Shareholders of REC Systems (Thailand) Co., Ltd.

Opinion

I have audited the financial statements of REC Systems (Thailand) Co., Ltd. (the "Company"), which comprise the statement of financial position as at 31 December 2023, the statements of income and changes in equity for the year then ended, and notes to the financial statements, including a summary of significant accounting policies.

In my opinion, the accompanying financial statements present fairly, in all material respects, the financial position of the Company as at 31 December 2023 and its financial performance for the year then ended in accordance with the Thai Financial Reporting Standard for Non-Publicly Accountable Entities (TFRS for NPAEs).

Basis for Opinion

I conducted my audit in accordance with Thai Standards on Auditing (TSAs). My responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of my report. I am independent of the Company in accordance with Code of Ethics for Professional Accountants including Independence Standards issued by the Federation of Accounting Professions (Code of Ethics for Professional Accountants) that are relevant to my audit of the financial statements, and I have fulfilled my other ethical responsibilities in accordance with the Code of Ethics for Professional Accountants. I believe that the audit evidence I have obtained is sufficient and appropriate to provide a basis for my opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with TFRS for NPAEs, and for such internal control as management determines is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

Auditor's Responsibilities for the Audit of the Financial Statements

My objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes my opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with TSAs will always detect a material misstatement when it exists.

Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with TSAs, I exercise professional judgment and maintain professional skepticism throughout the audit. I also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for my opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Company's internal control.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern.
- If I conclude that a material uncertainty exists, I am required to draw attention in my auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify my opinion. My conclusions are based on the audit evidence obtained up to the date of my auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

I communicate with management regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that I identify during my audit.

These English language financial statements have been prepared from the Thai language statutory financial statements, and were approved and authorized for issue by directors on 29 February 2024.

1 General information

REC Systems (Thailand) Co., Ltd., the "Company", is incorporated in Thailand on 13 June 2012. The Company has its registered office 319 Chamchuri Square Building, 24th Floor, Unit 1-16, Phayathai Road, Pathum Wan, Pathum Wan, Bangkok, Thailand.

On 20 June 2014, the Company has obtained Certificate of Business Operation under section 17 of Foreign Business Act B.E. 2542 to be permitted to provide services to collect, analyze and report the business movement regarding the economic situation, production, marketing, investment and demand with respect to electricity from solar energy and solar cells in Thailand to REC Solar Pte. Ltd., the Company's affiliate in the Republic of Singapore. The Company provides technical support and recommendations regarding the installation, instructions, including maintenance and repair, related to the use of solar cells, to the customers of REC Solar Pte. Ltd., the Company's affiliate in the Republic of Singapore. The Company shall be pursuant to certain condition imposed in such Certificate of Business Operation.

The Company's major shareholder during the financial year was REC Solar Pte. Ltd. (99.99% shareholding) which was incorporated in the Republic of Singapore.

2 Basis of preparation of the financial statements

The financial statements are prepared in accordance with Thai Financial Reporting Standard for Nonpublicly Accountable Entities (Revised B.E. 2565), which promulgated by the Federation of Accounting Professions (TFAC) in 2022. The adoption of the Thai Financial Reporting Standard for Non-Publicly Accountable Entities (Revised B.E. 2565) ('TFRS for NPAEs') does not impact materially the financial statement.

In addition, the Company has applied the following Thai Financial Reporting Standards for Publicly Accountable Entities TAS 7 (revised 2019) - Statement of cash flows.

The financial statements are prepared and presented in Thai Baht, rounded in the notes to the financial statements to the nearest thousand. Accounting policies disclosed in Note 3 are applied consistently to all periods presented in these financial statements.

The preparation of financial statements in conformity with TFRS for NPAEs requires management to make judgements, estimates and assumptions that affect the application of policies and reported amounts of assets, liabilities, income and expenses. Actual results may differ from estimates.

Estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to accounting estimates are recognized prospectively.

3 Significant accounting policies

The accounting policies set out below have been applied consistently to all periods presented in these financial statements.

3.1 Foreign currency transactions

Transactions in foreign currencies are translated to Thai Baht at the foreign exchange rates prevailing at the dates of the transactions.

Monetary assets and liabilities denominated in foreign currencies at the reporting date are translated to Thai Baht at the foreign exchange rates prevailing at that date. Foreign exchange differences arising on translation are recognised in the statement of income.

3.2 Cash and cash equivalents

Cash and cash equivalents comprise cash balances and call deposits.

3.3 Service income and other receivables

Service income and other receivables measured at invoice value.

3.4 Losses on decline in value

The carrying amounts of the Company's assets are reviewed at each reporting date to determine whether there is any indication of a permanent decline in value. If any such indication exists, the assets' recoverable amounts are estimated. A loss on decline in value is recognised in the statement of income unless it reverses a previous revaluation credited to equity, in which case it is charged to equity.

3.5 Other payables

Other payables are stated at cost.

3.6 Provisions

A provision is recognised if, as a result of a past event, the Company has a present legal or constructive obligation that can be estimated reliably, and it is probable that an outflow of economic benefits will be required to settle the obligation. Provisions are determined by the best estimate method.

Employee benefits

Provision for retired benefits are recognised using the best estimate method at the reporting date. The Company derecognises the provision when actual payment is made.

3.7 Shares capital

Ordinary shares

Ordinary shares are classified as equity. Incremental costs directly attributable to the issue of ordinary shares are recognised as a deduction from equity, net of any tax effects.

Preference share capital

Preference share capital is classified as equity if it is non-redeemable, or redeemable only at the Company's option, and any dividends are discretionary. Dividends thereon are recognised as distributions within equity upon approval by the Company's shareholders.

3.8 Revenue

Revenue excludes value added taxes. *Rendering of services.* Revenue from rendering of services is recognised as services are provided. *Interest income and other income* Interest income and other income are recognised in the statement of income on an accrual basis.

3.9 Expenses

Lease payments

Payments made under operating leases are recognised in the statement of income on a straight-line basis over the term of the lease.

Other expenses are recognised in the statement of income on the accrual basis.

3.10 Income tax

Income tax on the profit or loss for the year comprises current tax. Current tax is the expected tax payable on the taxable income for the year, using tax rates enacted at the reporting date, and any adjustment to tax payable in respect of previous years.
